

Erdogan, Joined Untouchables Tyrants

Supporting Erdogan will create unprecedented chaos in the region and will create many versions of ISIS

The Erdogan military aggression against the Kurds in EFRIN is aggression:

- Against humanity.
- It is a racist act against the Kurds.
- Maintaining Turkish genocide of Kurds since 1921.
- It is an attempt to restore the Ottomans Empire with its bloody and darkness history.
- To cover his (Erdogan) involvement in supporting ISIS in Iraq & Syria, and the terrorist's groups in Libya & Egypt.
- To cover his involvement in laundering billions of dollars on behalf of Iran through Reza Zarrab.
- To cover the involvement of his son-in-law, Berat Albayrak - minister of oil, connection to ISIS operation, smuggling oil into Turkey.
- In December 2015, Russia's defense ministry declared that they have proof that Turkish President Erdogan and his family were benefiting from the illegal smuggling of oil from Islamic State-held territory in Syria and Iraq.
- Erdogan's Son Bilal was under investigation in Italy for money laundering, in connection with the 2013 corruption scandal.
- Swedish lawmakers sue Erdogan for 'War Crimes'.
- A group of German lawmakers and rights activists filed a civil lawsuit against Erdogan for alleged "War Crimes" committed in ongoing military operations in the Kurdish populated southeast of the country "where Kurdish residents were burned alive by the Turkish military".
- The congressmen at the subcommittee hearing went on to say that President Erdogan should never be allowed to visit the United States again.

Crimes against humanity by Turks (Mongols):

The crimes against humanity by Turks is continuing as from 1915 with Armenians Genocide and military operations against the Kurds all along the last century till today and crossing the border to kill Kurds in Syria and Iraq, the crimes of Turkish against Kurds are well documented in the library archives of the Office of the United Nations High Commissioner for Human Rights, European Union, NATO, U.S. Department of State, even the Turkish military has burned Kurds alive before ISIS has done it in Syria, I do not need to add more to it.

USA, NATO and European Union tolerated Turkish Military Crimes against Kurds in the past because Turkish Military Forces were at the front line in the South of Warsaw Pact.

Now, after disintegration of Warsaw Pact, the cooperation of Erdogan with Russia, and threatening to confront USA in Syria, why NATO tolerates Erdogan in blackmailing Europe with waves of immigrants, USA with military confrontation, besides racist wars against the Kurds inside State of Turkey, in Syria and Iraq?

Genocides committed by Turks (Mongols):

1. Arminian Genocide:
 - In 1915, about 2 million Armenians been killed by the Ottomans Empire, Mr. Erdogan's illusion is to re-rising Ottomans Empire again.
2. Kurd Genocides:
 - 1921 Koçgiri: hundreds of Kurds been killed and tens villages been destroyed.
 - Mustafa Kamal sent the general Nuredden* Pasha to repress [Koçgiri rebels](#) commanding 3,000 cavalymen and militias, he said "we annihilated people who speak Armenian, I'm going now to clean up people who speak Kurdish by their roots".
 - 1925 Sheikh Said rebellion: 250.000 Civilian Kurds been killed.
 - 1927 Ararat rebellion: 47.000 Civilian Kurds been killed.
 - 1937-38 Dersim massacre: 80.000 Civilian Kurds been killed and 12.000 Kurds displaced.
 - 2011 Roboski massacre: 40 teenagers Kurds killed by Turkish Air Force strike after receiving information from United States intelligence service that was based on a U.S. drone.
 - Constant bombardments on Kurdistan of Turkey, Iraq & Syria.
 - *Nuredden means light of religion, but he was light of devil.
3. Yazidi Genocides:
 - On 25th of April 2017, Turkish warplanes dropped bombs on the Yazidi homeland of Sinjar – Iraqi Kurdistan, the strikes killed at least 70 civilians in Sinjar.
 - The Yazidi is considered by ISIS and Erdogan as infidels.

Erdogan has hoped from the success of ISIS to declaring Erdogan as new Caliph of Islam, to give him more power to impose his wills on Europe, but when Abu Bakker Al Baghdadi has claimed himself as Caliph of All Muslims worldwide (a spiritual leader of Islam), Erdogan awakened up from his illusion. The Turkish Army has discovered the illusion of Erdogan to restore Ottoman Empire and tried to overthrow him from power to save Turkey State from the Tyrant and to recall Turkish army from Iraq & Syria, but unfortunately the army failed in their attempt, because of overconfidence that they will get overwhelming support of the Turkish people.

Detaining Erdogan's Opponents:

Erdogan has launched a massive cleansing operation of the Army, Justice and the Education Systems from the opponents to his authoritarian regime that has surpassed 110.000 people:

- 151 Army Generals & Admirals and thousands of military service officers.
- 1648 Judges & Prosecutors.
- More than 110.000 people.

Erdogan illusions to restore Islamic State Ottomans to complete unfinished war campaigns of Ottomans (Mongols) to acquire Europe with Turks migrant's waves peacefully, entering Europe without entry visa, after the failure to occupy Europe militarily in 1532.

The Turks:

- The origin of Turks is from Altai Mountains in west Mongolia, more than 8.000 Kms from Ankara.
- Ottomans Empire was founded in 1299 in Anatolia and it is called after head of Turk tribe Ottoman, and was ended in 1923.
- Ottomans used Islamic (Turkish Version) as a trade mark to acquire lands in the name of Islam, Ottomans troops acquired many European lands till reached Vienna's walls in 1683, there Ottomans been defeated.
- Ottoman's Empire did not add any new knowledge of sciences to the civilization as the Islamic Abbasid Caliphate in Baghdad did and the Islamic Caliphate of Córdoba in Andalusia, enriching the civilization with Math (Algebra & Algorithm), Physics, Medication and Astronomy, but the only significant institute "Istanbul observatory of Taqi ad-Din" was initiated by "Taqi ad-Din Muhammad ibn Ma'ruf" an Arab Muslim Polymath, he was author of more than ninety books on astronomy, clocks, engineering, mathematics, mechanics, optics and natural philosophy, built in 1577 AC and destroyed by the Ottomans Army on 23 December 1580 AC, the destruction of the Istanbul observatory was as ear marked by historian as start of declines of Islamic Civilization that continued till today.

Turkey:

- Turkey is called after name of Turk, a tribe migrated from Altai mountains in the west Mongolia, Turks eliminated all nations living in Anatolia land into Turks, they called the Kurds, the original inhabitants of Anatolia as “Highland’s Turks” or “Mountain’s Turks”, therefore it is fair to request to rename Turkey state to its original geographic-historic name Anatolia.

The above definitions are explanatory enough to understand that A Tyrant Erdogan is Born, his illusion to re-rise Ottoman Empire by acquiring Europe with Turks to enter Europe without visa.

To get a clear picture of the Turkish military crimes against humanity in Kurdistan-Turkey, I advise to send a mission to South East Turkey to evaluate the magnitude of damage done to Kurdish cities & villages.

The Kurds:

Population: \pm 40 millions.

The land: The Kurds are living in Kurdistan for more than 3000 years, the land that divided among four countries, Iraq, Iran, Turkey & Syria, as results of Ottomans Empire’ defeat in the first world war, and as from 1925 has been deprived of its cultural autonomy, and the name of Kurdistan was prohibited, in particular in the Artificial State of Turkey.

First Kurdish State been established on Kurdistan land 2000 years before declaration (occupation) of Ottomans State in Kurdistan & Armenia.

The Kurds are living now as second-class citizens in Turkey, Iraq, Syria & Iran, this situation has forced them to struggle for their rights to live as human being with equal rights with the Mongol (Turks), Arab and the Persians.

How to stop the Tyrant “Erdogan”:

1. Restoring the name of the State of Turkey to its original geographic-historic name “Anatolia” by establishing a Federal State of Anatolia with full civil rights for the Turks to stay and to live in Anatolia Federation State.
2. To kick out Turkey from NATO, there is no necessity anymore from involving the Tyrant Army in defending Europe, Turkey’s Army using NATO armaments in killing the Kurds.
3. To declare PKK as Freedom Fighters against a Racist Apartheid Regime massacred 2 million Armenians and continuing massacring the Kurds as from 1921 till today.
4. Forcing Turkish regime to free Abdullah Ogelan from the jail, to contribute in peace negotiation with apartheid government in the State of Turkey.
